**Subiaco Oval redevelopment – will it affect lords?**

The city is currently working with the state government and the Metropolitan Redevelopment Authority (MRA) on the redevelopment of the Subiaco Oval precinct. A new, public-intake secondary school at Kitchener Park has been confirmed and is set to open to year seven students in 2020. As part of the redevelopment plan, the City of Subiaco is investigating the possibility of a new, co-shared, state-of-the-art recreation facility near Subiaco Oval and Kitchener Park. This is an exciting prospect, however, it is subject to funding and negotiations with the state government.

When there is more certainty about a potential new facility, the city will assess how Lords Recreation Centre may be affected. For now, it is business as usual at Lords.

**WA container deposit scheme: how would you prefer it to work?**

A container deposit scheme, whereby a ten-cent refund is available for all eligible beverage containers, is currently being designed and the state government would like to hear your preferences on how it will work. For example, where would you prefer to go to recycle your containers? Do you want to donate the refund to a charity? Or would you prefer to receive the refund yourself, as vouchers, cash or something else?

To complete a survey, visit www.der.wa.gov.au and click on the ‘WA container deposit scheme’ link before Monday 23 October. If you would like to make a full submission, you will also find the discussion paper at this link.

**Two mini-buses to be donated**

The City of Subiaco is giving away two mini-buses and is calling for applications from locally based, not-for-profit and charitable organisations, schools or associations. The eight-seater and ten-seater vehicles were previously used in the city’s Home and Community Care program and will be gifted to the organisation that proposes the most valuable community project, as decided through a tender process. If you think a re-gifted bus would assist your group, visit www.subiaco.wa.gov.au/tenders and follow the links to the Tenderlink portal. Applications close at 2pm on Wednesday 1 November.
