

## YOUR WASTE AND RECYCLING GUIDE

Waste and recycling services differ across local governments, so it's important to understand what can be done in the City of Subiaco to reduce waste and recycle correctly.

In response to the China ban on recycling imports and changes to waste guidelines in Western Australia, the City of Subiaco has created a waste and recycling guide for all businesses and residents.

Your new waste guide is on its way to your letterbox. In the guide you'll find information about what items go in which bin, tips for reducing your waste and recycling, and simple choices you can make to build sustainable habits.

The handy guide comes with a magnet that can be stuck on the fridge to help you make smart waste choices.

For more information or to access the city's online waste services, visit [www.subiaco.wa.gov.au/waste](http://www.subiaco.wa.gov.au/waste)
