WASTE AND RECYCLING – IN THE CITY OF SUBIACO

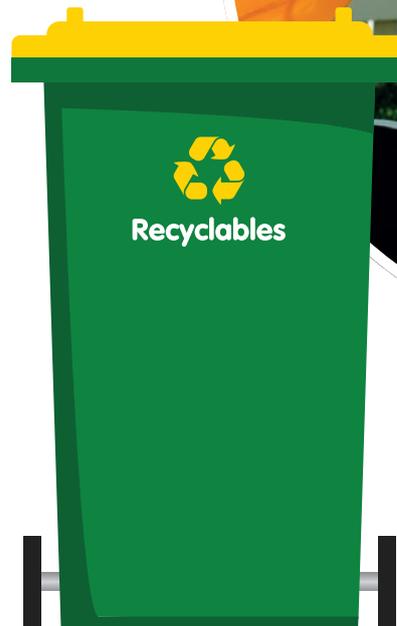

General waste and recycling bins

The City offers weekly waste and fortnightly recycling collection services for residents.

Items that cannot be reused, recycled or recovered should go in the red-lidded general waste bin.

The standard residential size of the general waste bin is 120 litres and all items placed in it go to landfill.

The standard residential size of the yellow-lidded recycling bin is 240 litres and all items placed in it go to the City's contracted materials recovery facility.

Hi I'M
**YOUR
RECYCLING
TRUCK**

www.subiaco.wa.gov.au/waste

Recyclone

Bulk waste collections occur in the first week of July and December each year.

Waste services

Your waste service fee is charged with your annual rates and provides the following:

- Weekly collection of waste
- Fortnightly collection of recycling
- Repair or replacement of broken or missing bins
- Two bulk verge collections a year for household items
- Green waste collection for residents
- Reduced fees on tip passes
- Supply of street and park bins
- Street sweeping
- Administration services
- Removal of illegal dumping

To find out your general waste or recycling bin day, as well as bulk verge collection dates, visit www.subiaco.wa.gov.au/waste.

I'M YOUR **GENERAL WASTE BIN**

The following items **can** go into your red-lidded general waste bin:

Meat, bones, fruit and vegetable scraps

Plastic bags, wrap and thin plastic packaging

Nappies, personal hygiene waste, polystyrene foam

Damaged textiles

General household waste and pet poo

For a full list of items that can and cannot be disposed of in your red-lidded bin, visit

www.recycleright.wa.gov.au

or call the Western Metropolitan Regional Council Recycling Hotline on **9384 6711**.

Remember, all organic waste must be secured and not loose.

Wally the Waste Warrior

will empty your general waste bin weekly

I'M YOUR **RECYCLING** BIN

The following items **can** go into your yellow-lidded recycling waste bin:

Aluminium and steel cans

Glass bottles and jars
(lids removed)

Plastic bottles and containers
(lids removed)

Cardboard (flattened)

Paper (no shredded paper)

For a full list of items that can and cannot be disposed of in your yellow-lidded bin, visit **www.recycleright.wa.gov.au** or call the Western Metropolitan Regional Council Recycling Hotline on **9384 6711**.

Remember, all items going into this bin must be rinsed with labels and lids removed.

will empty your recycling bin fortnightly

GREEN WASTE COLLECTION

To have your green waste collected, place it on the verge on the same day as your general waste collection. A minimum of four and a maximum of ten reusable City of Subiaco green waste bags are to be presented.

Small branches, flowers,
lawn clippings

Leaves, prunings,
common weeds

Size requirements must be adhered to for green waste piles to be removed – visit www.subiaco.wa.gov.au/waste for these specifications.

Green waste bags can be purchased from the Administration Centre for \$5 each.

FREE MULCH

The West Metro Recycling Centre offers free mulch to City of Subiaco residents. With proof of your residence, you can take a trailer load of mulch home to make your garden happy.

The mulch is processed from green waste so is a great example of closed loop recycling.

For more information, call **9384 6711**.

BULK WASTE COLLECTION

Verge valet is a personalised, flexible collection service for residential bulk waste. It allows households to choose their own bulk waste collection dates.

City households are eligible for two verge valet collections per annum.

For more information or to book, visit www.vergevalet.com.au.

HOUSEHOLD HAZARDOUS WASTE

Household hazardous waste includes unwanted household products that are flammable, corrosive or explosive. They are unsafe to place in any kerbside bin and, if not disposed of properly, can be harmful to you, your pets or the environment. Hazardous waste includes gas cylinders, general household chemicals, paint, smoke detectors and batteries.

The West Metro Recycling Centre offers a free drop-off service for certain types and quantities of hazardous waste. For details, including the full list of accepted items, visit www.wmrc.wa.gov.au or call 9384 6711.

This information can be provided in alternative formats upon request.
