Subi Night Market returns this September

The Subi Night Market presented by See Subiaco is officially back, bringing the energy, flavour and charm of a European summer to the heart of Subiaco every Saturday night from 5pm.

The 2025/26 season returns to Market Square Park from Saturday 6 September 2025, to Saturday 25 April 2026.

With over 40 rotating food vendors serving everything from Belgian chocolate strawberries to delicious international street food, the market has something for every taste.

By popular demand, Meet Your Street – a community initiative inviting locals to nominate their street for a reserved long table dinner – is back, encouraging neighbours to unwind over dinner as the sun sets.

Visitors can also expect surprise performances each week, from jazz and cabaret to opera, accordion, open air movies and more, as part of the 'Matinee' series.

Mayor David McMullen said the vibrancy and buzz of the market is a highlight on the City's busy events calendar.

"The Subi Night Market has firmly become a Saturday evening staple in the warmer months; offering the chance for people to come together over food, drinks, market stalls and entertainment for the perfect outing in Subi that starts right here at Market Square Park."

Heritage grants

If you are the owner of a property on the City of Subiaco's Heritage List, or a contributory place located within a heritage area, you may be eligible to apply for up to $5000 in funding through the City's heritage grants fund.

The grants provide funding for conservation works which are in the public view and enhance or reveal the heritage significance of a property, and/or urgent conservation works required to stabilise a building.

Green waste pickups on demand

A pre-booked bulk green waste collection, provided by the Western Metropolitan Regional Council, was given the green light at the July Ordinary Council Meeting.

The City currently provides three bulk green waste collections per year, on set dates. Transitioning to an on-demand green waste pickup permits residents to select pickup dates that suit them, and can better accommodate for seasonal gardening like pruning roses.
