CITY OF SUBIACO

SUBIACO Scene

Help us shape the City's streets and laneways

Subi Streets is a City-wide initiative that will create a long-term blueprint for how every street and laneway in the City of Subiaco looks, feels, and functions – and we want to hear from you!

The project aims to shift the focus from car use to more versatile community spaces, and create safer, calmer streets for walking and riding.

Other objectives of the project include improved footpaths to provide access to all ages and abilities, facilitating places for people to stop, rest and connect, and increasing greenery to enhance the attractiveness of our streets and laneways.

Mayor David McMullen said, "This project is an Australian first, and it's ambitious. Our goal is to deliver a blueprint for the next decade and beyond that will guide decisions about transport and the public realm across the City of Subiaco's streets and laneways – all in pursuit of a more vibrant, sustainable, and connected Subiaco."

If you live, work or spend time in the City of Subiaco, we'd love to hear your ideas about Subi Streets. You can complete our online survey, apply to join the Subi Streets Community Reference Group, or visit our listening post at the Subi Farmers Market on Saturday 14 June from 8am to 11am.

Visit **www.haveyoursay.subiaco.wa.gov.au/subi-streets** to complete a short online survey before Sunday 6 July 2025.

Minute with the MAYOR

A quick monthly update from Mayor David McMullen

There is always a new consultation process kicking off in Subi just as others come to a close. We recently consulted on our new Council Plan. Still out for comment are the Subi Streets project and Climate Change Response Plan. Naturally, on the horizon will be consultation on the redevelopment of the old Council Chambers and Admin site, too.

It's all about capturing perspectives. Our consultation takes a variety of forms, such as getting out and about - with a Subi Farmers Market stall, for example (pictured).

Get crafty this winter

Did you know Subiaco Library hosts a weekly Yarn Club on Wednesday mornings?

Bring along your crafting projects from 9.30am and enjoy a cuppa while you knit or crochet with likeminded crafters. You can also peruse the library's collection of craft books for new patterns or inspirations.

No bookings required, and all ages and levels of experience are welcome.

Visit **www.subiaco.wa.gov.au/events** for more information.

Charge up in the City

The City's two electric vehicle (EV) chargers at Rowland Street and Lords Recreation Centre are now live and ready for use.

Charging fees of $0.45 per kWh apply at both stations. A penalty of $1 per minute applies to EVs charging beyond the allocated time, with a 15-minute grace period allowed.

At Rowland Street, EV users may be required to pay for parking in the same manner as the rest of the area.

New eateries across Subi

A host of new food and drink options are available across Subiaco, with several exciting new eateries (and re-openings of local favourites) now welcoming diners.

Check out Lulu La Delizia's brand-new Cantina - sitting pretty next to the award-winning Italian restaurant in Forrest Walk, Sonnyboy Vietnamese Kitchen near Subiaco Train Station, and Mr Lo on Hay Street.

Market Café in ONE Subiaco has reopened as Claire's Café, Café Café on Station Street is now the pet-friendly Koko Cafe, and what was once The Village Bar on Rokeby Road is now the Subiaco Bar & Bistro.

Read more at **www.subiaco.wa.gov.au/news**.

Refugee Week events

The City is hosting a number of free events, alongside regular services, to support awareness of Refugee Week from Sunday 15 to Sunday 21 June.

Grandmothers for Refugees will be hosting an informal drop-in session at Subiaco Library on Tuesday 17 June from 10.30am to 11.30am, and the Centre for Asylum Seekers Refugees and Detainees will also host a presentation at the library on Saturday 21 June from 10am to 11am.

The library also runs a free weekly English conversation club on Tuesdays from 9.30am to 10.30am for people who want to improve their English language skills and engage in safe and supportive conversations.

Read more about these events at **www.subiaco.wa.gov.au/events.**

Bulk green waste collection

The City's next bulk green waste collection will be on Monday 16 June. Loose green waste should be place on verges no earlier than the evening of Sunday 15 June, and will be collected during the week. There is no limit to the quantity of loose green waste that can be placed out for collection – please do not place waste in green waste bags.

Visit **www.subiaco.wa.gov.au/waste** for more information.

Have your say on the City's approach to climate change

The City's Corporate Carbon Reduction Plan, endorsed by Council in 2020, was established to guide the City's approach to reducing the organisation's emissions. To ensure the targets and actions within this plan remain current, the City has commenced the preparation of an overarching draft Climate Change Response Plan.

The City is seeking community feedback on the first section of this Plan, titled Corporate Greenhouse Gas Emissions Reduction.

Visit **www.haveyoursay.subiaco.wa.gov.au/climate-response-plan** to read this section and complete our short online survey by Monday 7 July 2025.

Following endorsement of this first section, the remaining sections of the Plan, including actions to mitigate and adapt to climate change, will be drafted.
