Sustainable Style Series

Next week, wardrobes throughout the City will be transformed as See Subiaco presents the Sustainable Style Series. Featuring panel discussions, workshops, markets and exhibitions, the five-day program will encourage Subiaco shoppers and visitors to keep sustainability front of mind when buying and disposing of clothing and other worn items.

A highlight of the series will be the Second Life Markets on Sunday 26 June, featuring 18 stalls of vintage, pre-loved, designer and upcycled pieces.

The Sustainable Style Series is set to transform Subiaco into one of Perth's most sustainable style destinations. View the full program at seesubiaco.com.au.

Sustainable City practices

Did you know we only use steam for weeding around the City? We replaced glyphosate with steam back in January 2020, in response to community concern.

We also don't use or provide our residents with second generation rodenticides, which can have serious impacts on wildlife, in particular owls and birds of prey that hunt and eat rodents.

Learn more about our sustainable practices on our website.

Park for free

Did you know there is free parking in Subiaco every weekend, and every evening after 5pm? Plus find \$9 a day parking in 13 spots.

We've updated our website to make it even easier to find parking in the City. Visit

www.subiaco.wa.gov.au/parking.
