

Former Mayor to be recognised

To recognise over 25 years of service to community by Heather Henderson, a picturesque and popular part of Subiaco Common will become known as 'Heather's Walk'.

The new name comes after a decision at this week's Ordinary Council Meeting to recognise the former Councillor and Mayor, Freeman of the City, and recipient of a Medal of the Order of Australia (OAM).

Ms Henderson served as a City Councillor from 1990 to 2003 and then as Mayor from 2005 for 12 years.

'Heather's Walk' is not only a popular photo destination, but is also the same path that Ms Henderson regularly walks her dog, Tilly.

The Subiaco Common walk comprises the London Plane tree lined pathway and adjoining grassed area, running between Mere Lake and the watershed (at the junction of Mere View Way and Upham Street).

Playground updates

The City values providing diverse and quality play experiences for our community.

We are updating four of our playgrounds and you're invited to participate in the consultation process.

The replacement of the play equipment will be guided by community input, available budget and the City's Playspace Strategy.

The playgrounds to be renewed are:

- » Hickey Avenue Park, Daglish
- » McCallum Park, Daglish
- » Park Street minipark, Subiaco
- » Redfern Street minipark, Subiaco (also known as View Street pocket park)

To find out more and take part in the consultation, please visit www.haveyoursay.subiaco.wa.gov.au to complete the online survey before 5pm Monday 2 October.

Young scientists show their creativity

Primary-aged children celebrated the theme of 'innovation' at three after-school sessions held at Subiaco Library during Science Week.

Fun was had by more than sixty children building Lego tiny houses, making marble runs and using the LittleBits circuits to design vehicles, and craft some paper planes, helicopters and windmills.

The participants showed off their creativity, imagination and problem-solving skills during the activities, all while demonstrating their love of science.

The free events were held at Subiaco Library as part of National Science Week; Australia's annual celebration of science and technology.

Significant gum tree protected

A large lemon scented gum tree on Bagot Road has been entered into the City of Subiaco Significant Tree Register after a Council decision.

The tree is considered to have significant visual, heritage, and aesthetic value owing to its age, good health and excellent condition.

It was planted in about 1967 by the community-sponsored Senior Citizen's Club.

Inclusion on the register means that a development application must be submitted should the removal of the tree ever be proposed.

Lords school holidays program

Keep the kids active, engaged and entertained with Lords Recreation Centre these spring holidays.

The popular school holidays program is centred on developing confidence, coordination and teamwork through a range of activities involving both physical and mental activation games.

Activities include sports carnivals, a Lords royal show, and a talent show, plus there's a mystery to be solved and treasure to be found.

Enrolments are now open for the program which runs from 27 September to 6 October.

For more, visit www.lords.com.au.

R U Ok Day

R U OK Day is an opportunity to check in with the people around you and encourages meaningful and, potentially lifesaving, connection.

This year it's on Thursday 14 September and to recognise the day and encourage conversation, Subiaco Library will be putting up a special display for the community.

It will include support information and items including posters, brochures, bookmarks and, very importantly, cookies.

Subiaco Library is located at 237 Rokeby Road, and is open 9.30am to 7pm on Thursdays.

Community Christmas Day Lunch

The City is seeking expressions of interest to work in partnership with other organisations to deliver the Community Christmas Day Lunch.

The City has traditionally offered a meal at lunch but alternative options will be considered, for example, breakfast, a picnic or dinner.

For more information, visit www.subiaco.wa.gov.au/community-partnerships.

Finalisation of Local Planning Policy

Local Planning Policy 3.6 - Development guidelines for the Rokeby Road and Hay Street Heritage Area

At the City of Subiaco Ordinary Council Meeting held on 29 August 2023, Council proceeded with amendments to Local Planning Policy 3.6 - Development Guidelines for the Rokeby Road and Hay Street Heritage Area (LPP3.6).

The policy outlines the boundaries of the heritage area, identifies which places contribute to the heritage significance of the area and provides guidance on development to conserve the cultural heritage significance of the area. Key amendments to the policy include the identification of laneways as elements that contribute to the heritage values of the area and changes to the levels of contribution some properties make to the heritage significance of the area.

The local planning policy can be downloaded from the Plan and Build section of the City's website at www.subiaco.wa.gov.au.

Local Government Elections

Nominate for council between 31 August and 7 September to represent your community.
